

My name is Jermaine Fisher aka Boyda. I am the grandson of Gertrude B. Van Fleet and Fordner Van Fleet Sr. My mother is Rena Van Fleet and my father is Reuben Fisher. I am Mohave and Chemehuevi. I have served the community through my work experience with the CRIT Recreation Department, CRIT Theaters, Education Department, Bluewater Resort & Casino, and I am currently working for Word Processing Department as Digital Imaging Technician. As the Digital Imaging Technician, I microfiche all incoming correspondence addressed to the Tribal Council, the Tribal Council Meeting Minutes, and the Board and Committee Meeting Minutes. So, I am very knowledgeable of the Tribal Council issues and I will be able to comment and make decisions without having to abstain from issues needing Tribal Council action.

If elected, I will make every effort to improve the healthcare services for our tribal members and our elders. The Tribal Council needs to keep our tribal members informed on issues facing our tribes and how the government will address the issues. Accountability and trust are the most important characteristics of a tribal government and I will be accountable to the membership and trustworthy.

A handwritten signature in black ink, appearing to read "Jermaine Fisher". The signature is written in a cursive, flowing style with a large initial 'J' and 'F'.
